## WHY SETTLE FOR JUST A HIGH SCHOOL DIPLOMA?

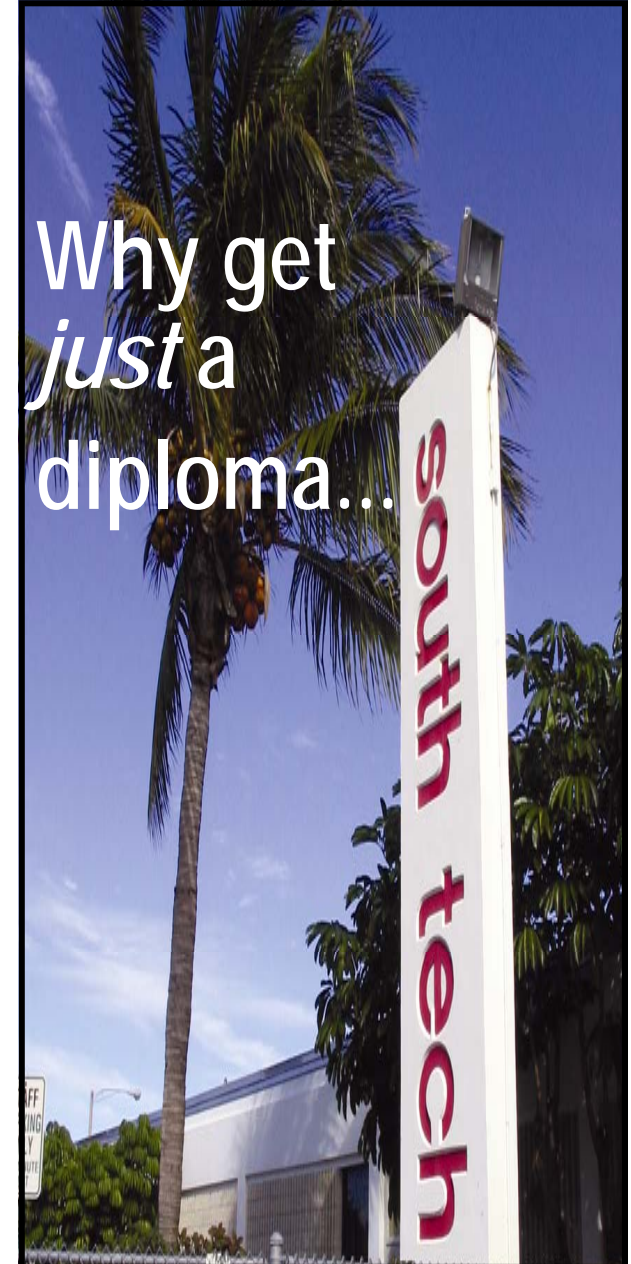

*All high schools are not created equal!*

Imagine a High School that offers:

- A college-ready high school diploma from the state of Florida
- Thirty-two credits in a four-year program
- Program Certificate of Completion
- Classes that are normally 25 students or less
- Small school atmosphere
- Emphasis on learning rather than typical high school distractions
- Caring, nurturing staff
- Safe and productive learning environment
- A legacy of success in Career Education
- A Career

Only South Tech Academy offers these advantages and more!

With a twenty-eight year legacy of community service through career education, we're not the "new kid on the block." Compare career academies, and you will find South Tech continues to be far ahead of the pack. We "create success stories, one student at a time."

*Creating Success Stories...One Student at a Time*

**...when you  
can begin a  
career too!**

**At South Tech Academy,  
you get the best of both worlds.**

Just like a regular high school, you get all the academics you need for graduation, but you also graduate with the necessary skills for a life career. Whether you're going on to college or directly entering the workforce, you'll have the diploma and know-how to become yet another South Tech success story!
